

Disclaimer

Fabric and print colors may vary from what is shown on screen. While we have provided photos of our fabric swatches in a PDF for reference, please note that colors can appear differently depending on individual screen calibration, brightness settings, and the type of device used to view them.

Additionally, slight variances may occur between the colors shown in tech packs, the swatch reference images, and the final pre-production samples. We make every effort to match fabrics and print colors as closely as possible to approved Pantone standards; however, minor differences are an industry standard and should be expected.
